Skills-based courses for everyone!

DISCOVER YOUR HIDDEN TALENTS THROUGH OUR COURSES

Sixty four percent of the population of Pakistan is less than 29 years of age. 30% of the population is in the age group of 15-29 years of age. 50 million children in the country go to school each day with the promise of obtaining employment at the completion of their education. To cater to this demand, a steady growth in economy

is needed along with up-skilling the work force. In the face of rising global unemployment, turbulent economic times, age of hyper-competition, ultra high-velocity markets, and looming financial crises, Hybrid Institute of Contemporary Studies (HICS), is proud to be one of Pakistan's leading STUDENT-FIRST SKILLS INSTITUTE

that aims to uplift the spirit of our youth by boosting their academic level, technical expertise and soft skills. Hybrid Institute is a leading ed-tech company, working in the spirit of A NEW AGE, A NEW YOU & A NEW JOURNEY. It is an innovative educational platform that provides training and educational solutions.

Hi5 4 U

Learn Smarter,
Learn Faster,
Learn Easier

Hi5 is a totally new kind of learning experience. Hi5 methodology takes boredom out of learning and makes education a stimulating experience! Hybrid Institute aims for you to be in control of how you want to learn. For that we have designed courses that can be learned from any of the learning modes: face2face, online, hybrid or live. So, it's up to you, how, where and when you want to educate yourself to improve your life & career.

WAYS TO STUDY

In Centre

The training center in Lahore offers hands-on education with our qualified instructors, providing a traditional classroom environment, as it suits you.

eLearning

Just sit back and log in to your computer, laptop, tablet or even a smart phone from anywhere at any time and learn what your heart desires.

Live

Too busy for classroom courses? No problem. Attend live and interactive, training online, in real-time with hands-on labs exercises only internet access is required.

Hybrid

Hybrid brings the best of both worlds at your fingertips, where your classroom can be your electronics devices as well as your center in Lahore!
